

BASTI

It is a special kind of Enema where Medicated decoctions & oils are given through anal route.

- It is said that Intestinal wall absorbs everything easily & passes it on to different organs through blood stream so BASTI is considered as treatment to every disease of human body.
- It improves intestinal flora & increases vit.B12 levels in blood.
- It removes toxins from blood, helps regulate cholesterol levels, sugar levels, obesity, etc metabolic disorders
- It helps in Balancing all types of Vaata & cures Vaata dominant diseases.
